About PRIMA

The 2022 Pacific Rim Mathematical Association Congress will take place in Vancouver, Canada, between December 4–9, 2022. The fourth meeting will be hosted by the Pacific Institute for the Mathematical Sciences (PIMS).

Every four years, mathematical scientists from around the Pacific Rim converge to discuss the latest developments in Mathematics and related fields. The Pacific Rim Mathematical Association (PRIMA) was established to bring our institutions and countries together to stimulate a vibrant and interconnected mathematical community whose activities impact on our economic, social, and cultural development.

Program Highlights

The 2022 Congress will open with a special reception on Sunday. Scientific talks begin on Monday to Friday with plenary and public talks scheduled throughout the week. Key events are highlighted below.
